ACP Cladding

Sarman Tech

SHARMAN TECH consists of a team of experienced work force to provide a wide range of Composite Engineering Works, services and products in order to satisfy and meet the requirement of customers

We provide a wide range of Fiberglass Reinforced Plastics Manufacturer related products,

such as FRP Centrifugal Fan, FRP Chimney, FRP Door, FRP Ducting & Fitting, FRP Pipe & Fitting, FRP Scrubber, FRP Tank, Fumecupboard, Oil Interceptor, Panel Tank, FRP Grating, FRP Cable Ladders & Tray, FRP Structural Profiles, FRP Handrails and FRP Lining/Coating.

We also have Custom Design and Fabrication products to cater variety kind of requirement and needs in the industry.

In addition to "in house" manufacture we also undertake site work and fabricate in PVC, Polypropylene , HDPE, PPGL Acrylic and Polyethylene with or without GRP reinforcing.

From a simple moulding to product requiring multi - part moulds or from "one - off's" to production runs Technocrats is your No 1 choice for glass reinforced products.

FRP Composite

FRP : Fibreglass Reinforced Plastic Composite Products

Storage Tanks

Application:

Anodizing Tank, 7 Steps Tank, Phosphating Tank, Plating Tank, Storage Tank, Water and Acid Tank and Cold Storage Tank

Type:

Cylindrical, Conical bottom, Disc End, Detachable, Lorry Tank, and Aquarium Tanks.

Material:

Made with FRP, PP, PVC, PPGL, SS, MS, Aluminium, Acrylic and other plastic Materials.

Cooling Tower

Counterflow Cooling Towers

Crossflow Cooling Towers

Forced Draft Cooling Towers

Evaporative Condensors

Closed Circuit Fluid Coolers

FRP Fan Blades

FRP Fan Blades are high efficiency, lower noise levels and less power consumption.

Reinforced Fibreglass Epoxy Resin (FRP) provides the desired non-corrosive quality to the fan blades, resulting the operation of fans even in the very aggressive environment.

Air Pollution Control Equipment

Scrubber
Blower
Duct
Chimney
Dust Collector
Fume Exhaust System
Axial Flow Fan
Hoods
Service and Maintenance

Water / Acid Proof Lining and Epoxy Flooring

FRP Lining
Rain Water Proof Coating
Gutter and Drench Lining
Acid Tank lining, PVC Flooring
Cooling Tower Pipe Line Coating
Epoxy Flooring
Roof Lining
Acid Proof Bricks and Tiles
P.U Flooring
Phosphating and Anodizing Plant Flooring

General FRP Moulded Products

Pipe Line

FRP Door

Kiosks

Fume Cupboard

Chambers

Canopies

Playground and Amusement park Equipments

Fisherman Boat

Windmill Fan Blade Tip and carbon shaft

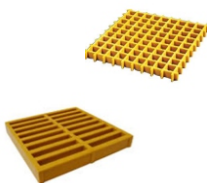

Windmill Nose Cone

Windmill Generator Cover

FRP Pots

Grating

Manhole cover Square, Rectangle, Round light and heavy duty

FRP Planter Boxes

Acrylic & Corian

Custom Acrylic and Corian Fabrication:

We fabricate any design from acrylic, polycarbonate (lexan), UV plastic material. We can also help you in a custom design.

Product & Services:

We offer CNC laser cutting, gluing, bending, polishing and design. Prices can be fit to your budget.

Technical capabilities

Consulting and design
Packaging services
Prototyping and sampling
Router & Laser cutting

Understanding all the possibilities gives us the best range of suggestions and products available in modern plastics today. Giving you the best priced results. The different techniques used to process your order is something we offer to all our clients.

Our unique knowledge of, museum quality, UV, solvent & joining techniques are invaluable skills available to all our clients, encompassing the most modern machining methods, cutting, cnc

product excellence is not the end of the story. With international quality and interest, we ensure that our products are not only well designed but also successfully installed offering high performance standards. Technocrats is trusted by all for Designing and installing a system architectural finishing product, with a wide range of options for most applications. The systems offered are:

STRUCTURAL GLAZING

-
-

SUSPENDED GLASS SYSTEM

-
-

SKYLIGHT AND DOME SYSTEM

-
-

CANOPY

-
-

STONE CLADDING

ACP CLADDING

SPIDER GLASS SYSTEM

WINDOW & DOORS

Indoor and Out Door Signage

Architectural Signage

Modular Signage

Internal Signage

External Signage

Way Finding Signage

Building Signage

Neon Signage

LED Signage

ACP Signage

Shop Signage

Stainless Steel Signage

Brass Letters Signage

Aluminium Letters Sign

3D Letters Signage

Safety / Fire Exit

Back light / Glow Sign

Digital Printing

Acrylic Signage

Stainless Steel Name Plates

Highway Signage

Parking Nameplates

Industrial Signage

Hospital Signage

Warning Signage

Showroom Signage

Foam Board Signage

Engraving Signs

Emergency Exit Sign Stickers

Sun Board Printing

Testimonials

“ It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout.

Our Services

- Site Investigation & Visualization
- Design Translation & Signage
- Coceptualization
- Prototyping & Approval

Featured Service

- Site Visualization & Concept Designing.
- Onsite Vinyl Pasting.
- Design Translation & Signage conceptualization

Illumination Technology:

We use GE, Imported LED Lighting system to supply illumination in the signage

GE LEDs come from GE lighting which has its own history of 100 years. The failure rate is less than 0.5%. Everything is under warranty and even the accessories like connectors, Supply wires come from GE. You will get warranty certificate for 5 years and the same for the power supplies, which is a device which converts 220V AC to 12V DC supply.

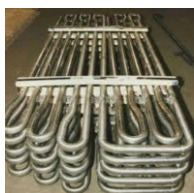

The life expectancy of 50,000 burning hours, The power consumption in LED is 1/10th of the neon lamp illumination and gives maintenance free

We provide creative, innovative, aesthetically designed and cost effective solutions for all variants of signage in India on pan India basis.
